### Property [Description](#)

A beautifully customized home in Town and Country of one of our most popular home designs - the Pendleton 1-1/2 story home with Tudor elevation. This home features the DH Estate/Custom included features level. This home features a revised open kitchen, breakfast and great room design with an over-sized walk-in pantry and gorgeous walk-through butler's pantry/bar to the formal dining room. The private master suite features an elegant foyer entry, private fireplace, beautiful walk-in shower and two-walk-in closets. The finished lower level boasts a rec room, beautiful wet bar, bedroom/bath and exercise room. Upscale interior finishes abound in this home, but one of the main features is the grand all-masonry covered outdoor living area with masonry fireplace, fir ceiling and outdoor kitchen/grill area with granite counters. The best part is the masonry fireplace and ceiling heaters truly make this outdoor living space usable all year long. DH Custom Homes loves working with clients to make their custom homes a reality.
